SUMMARY

Organized, self-managed office assistant with 5+ years of client communication, scheduling, records, and data entry, plus hands-on experience inside the digital agency world: I run a small web design studio, so I already speak the language of websites, SEO deliverables, and client projects. Disciplined remote worker (independent contractor and self-employed since 2024) who answers fast, keeps files clean, and doesn't need chasing.

- Daily fluency in Google Workspace, Word, Excel, email, and scheduling tools
- Client-facing communication: phone, email, and chat with fast, professional follow-up
- Accurate data entry, filing, invoicing, and record keeping across multiple projects
- Agency context: websites, SEO, and creative deliverables aren't foreign to me, I build them
